Dear Bob:

Enclosed is a copy of a letter agreement between the Central Utah Water Conservancy District and Provo City. In this letter agreement the District purchased 239 acre-feet of Provo City's storage water in Trial Lake for transfer and storage in Jordanelle Reservoir. This letter agreement is for your information concerning our purchase of water for storage in Jordanelle Reservoir.

Sincerely yours, .

Dear Merrill,

The purpose of this letter is to reach an agreement in relation to the purchase of 239 acre-feet of water owned by Provo City and presently stored in Trial Lake. It is our understanding that you are willing to sell this water to the District provided the District pays you \$50 per acre-foot to allow the water to be released from Trial Lake and stored in Jordanelle Reservoir.

Based on this understanding the District will:

1. Pay you \$50 per acre-foot for the water identified by the River Commissioner to be 239 acre-feet presently stored in Trial Lake.
2. The District will instruct the River Commissioner to release this water from Trial Lake and deliver it to Jordanelle Reservoir.

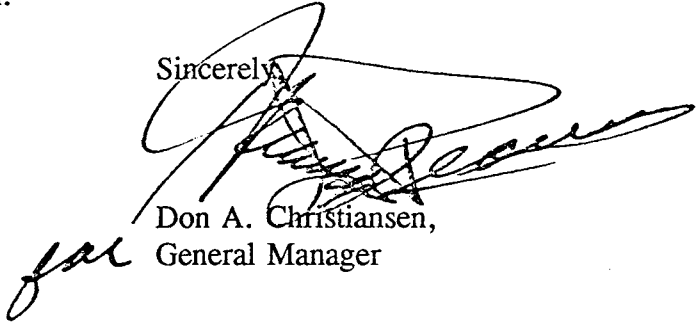

Upon execution of this letter, the District will forward a check drawn in the amount of Eleven Thousand Nine Hundred Fifty Dollars (\$11,950.00) which represents payment in full at \$50 per acre-foot for 239 acre-feet of water sold by Provo City to the District.

If this understanding is correct and if you agree with and approve the content of this letter agreement, please execute it in duplicate and return one copy to us.
